# ABOUT TRIDENT COIN

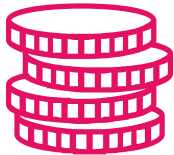

For most people, it's not feasible to spend the time needed to do thorough research on which exchanges to trust, which coins to buy, and how to allocate your portfolio. Once you buy coins you need to do additional work of storing them securely, rebalancing your portfolio regularly, staying on top of news, calculating portfolio performance, and doing complicated tax reporting.

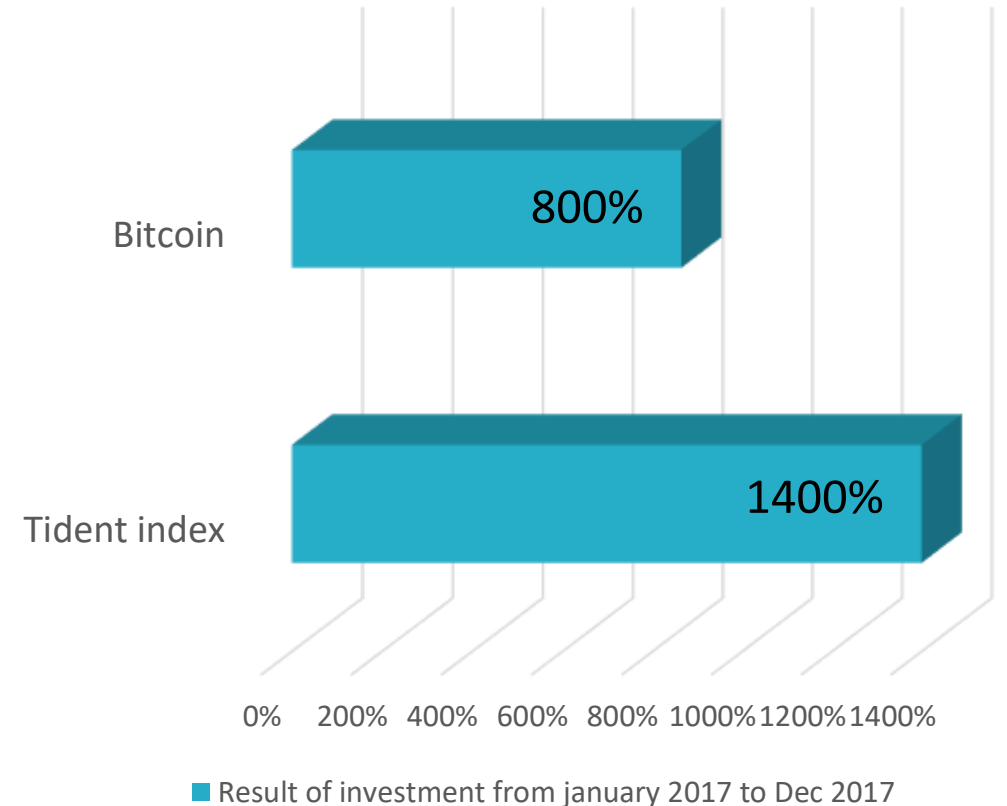

The TDC coin (ticker symbol of Trident coin) coin holds top 10 cryptocurrencies weighted by market cap and volume. So just buy TDC coin and rest work TDC will do for you.

# TRIDENT CRYPTO INDEX FUND

Trident crypto fund is a Crypto index investment fund. Trident Investment strategy is based on well researched Crypto Index strategy and invests exclusively into top 10 underlying crypto assets with the highest market capitalization.

The Trident investment strategy has been tested on historical data. With this strategy Trident index got more than 1400% returns in 2017 in comparison of bitcoin's return of near about 800%
