FUTURE TRENDS A NEW PARADIGM OF EXPONENTIAL GROWTH

Chaired by Dr. Kamalabadi

Entities can tap into our established sources of capital, with whom we have transacted over \$20Bn to date and who seek new investment opportunities from us. Sources include the Sovereign Wealth Funds, Royal Families Capital, Institutional Sources of Capital, Family Offices, PEs, Funds of Funds, HNIs and other sources.

After understanding the entity trajectory and its dedicated contributions to its own growth plan within our program, we state in what areas, how exactly and by what staged process, and within what reasonable time frame we will be able to utilize our resources and financial partners.
