

Rentech Group

Rentech is a global company with diverse holdings, particularly in financial markets, technology, and real estate.

Since our founding in 2016, we have developed a distinct position in the industry, with a broadly diversified set of investment strategies, including private equity, impact, credit, real estate, and market solutions.

Rentech Group

Rentech aims to create the biggest and most innovative community of entrepreneurs globally.

Vision & Mission

Rentech was built with a unique perspective and approach. At Rentech, we are transformational investors. We aim to drive meaningful long-term value and leave our companies healthier, more strategic, and more growth-oriented than they were when we invested.

Vision & Mission

Our focus on sectors is at the core of our investment strategy. Our investment teams are principally organized around sectors—which means that investors who focus on diverse products and strategies across the firm work together to build deep insight and relationship networks in our key sectors.

Vision & Mission

Sharing ideas and intellectual capital across the firm gives us distinctive insight, and this cross-platform leverage enables us to bring the right capital solutions to compelling opportunities.
